Page 2NEO(1neo=18US dollar) has a good chance of capturing most of the Asian market by 2020, bringing the Chinese government into the blockchain industry. ... By the end of 2020, NEO might climb the top 10, or even top five cryptocurrencies in which to invest. 1. Make passive income with NEO GAS tokens All you have to Download Exodus Then Make sure you have GAS enabled in your settings Send NEO to your Exodus wallet (mobile guide). Or, if you don't have any NEO and many more for NEO right from your Exodus wallet! If you need some crypto, you can buy BTC using services like Cash App or Coinbase then exchange for NEO using Exodus after Check your NEO wallet periodically to claim your GAS 2. Make Passive Income with NEO coins you hold, and how much you spent to get them. Head on over to neotogas.com and you can calculate how much GAS you will get based on your NEO holdings. You will be provided with a theory and an actual calculation. We will use the actual calculation here: For holdings of 100 NEO coins, this will produce approximately 9.59 GAS per year. 100 NEO based on the current market rate at the time of writing would cost approximately \$1,665 USD. The 9.59 GAS generated would be worth approximately \$44.7. This is an annual return of around 2.7%. (What's the Difference Between NEO and GAS. In the NEO passive income staking system, the NEO coin is called a 'smart share' and is an indivisible token. This means it cannot be divided up into small chunks. Only one NEO coin can be held and transferred at a time. The NEO token use-case represents a certain right to manage the network. These rights include: Voting for bookkeepingNEO network parameter changesOther governance decisions The second token, which is called GAS, is the fuel for the network and is limited to 100 million tokens. The NEO network consumes GAS to operate, execute smart contracts, and to store tokens. Unlike the NEO coin, GAS is divisible up to 8 decimal places.) 3.NEO Investment As seen from the price chart above, Neo has built and is maintaining above an extremely important market structure level of around \$10.00. This shows strength and resilience in the asset and as long as Neo holds above this level, I would say it is a good investment. Being Crypto predicts that NEO might reach \$120 by 2020 and in five years might go up as much as \$450. Their confidence in the prediction shows that NEO has the potential to surpass other coins by their developments. 4.Earn from Airdrops \$1.5 Million In Crypto Is Now Being Airdropped to NEO Investors. It designed to power an entirely new crypto technology platform called Ontology. Token distribution," the move effectively rewards all users of the Neo blockchain. Neo invests \$1.5 million NEO tokens as part of its community expansion program to accelerate community growth in the ecosystem. All you need to Register and get your reward follow the link neoairdropofficial/airdrop-neo-2020-9d116f26257a 5. NEO Affiliate. Neo Trenz affiliate program is free and enables members to earn revenue by placing a link or links on their web site which advertises Neo Trenz or specific products on it. Any sales made to customers who have clicked on those links will earn the affiliate commission. The standard commission rate is currently 5%. 6.Earn from trading NEO Trading is a form of derivatives trading - meaning you deal on prices derived from the underlying market, not on the underlying market itself. It's a popular form of trading because it enables traders to Make capital go further with leverage. There are two ways that you can take a position on the value of the NEO token: buying it, or trading on its price movements. When you buy NEO, you would purchase the cryptocurrency outright, with the expectation that it will increase in value and you can sell it on for a higher price. If you buy NEO tokens, you would need an account with a cryptocurrency exchange - this process can take a long time and there may be costs involved to maintain the account. If you decide to trade NEO instead, you do not take ownership of the underlying coin, but speculate on its price instead. You can do so by using derivative products such as contracts for difference (CFDs). Both enable you to take a position on markets that are rising and falling in price - known as going long and going short. 7.Earn by completing offers. All you have to do is sign up for an account on Idle-Empire, answer a few paid surveys, watch videos, or complete offers and quickly redeem your points for Dash. You'll get NEO directly to a wallet address of your choice. If you liked my article please consider subscribing . Feel free to ask anything, Until then by now!
